We love Christ, we love the Catholic Church, we love to learn and serve. We will create a positive impact in our families, our community, our country and even the world.

Dear parents.

We will be having an eight (8) week summer program full of fun and excitement for the children in our community. Summer camp will begin on Monday, June 8 through Friday, July 31, 2020.

Our objective is to provide the children with a safe, caring, and Christian environment while they participate in recreational activities that are fun, exciting, and educational.

As part of our summer camp program, we will offer a two hour reinforcement class session on the subjects of Reading and Math. These sessions are considered an optional program that would benefit the children with their educational skills.

Parents will need to sign-up their child for this voluntary program. This summer camp is not responsible for any Summer Reading programs assigned by the school, but will encourage campers to complete their summer reading assignments.

St. Michael the Archangel Catholic School will be having a Summer School component for students in need of remedial instruction in the areas of Math and Language Arts. Please refer to our Summer School Program, available in the School office.

We would like our students to be well trained in different sports in which we compete against other schools. To be able to play with confidence, we will be hosting a sports clinic in order to train our athletes during a time span of eight weeks. We will mainly focus on baseball, volleyball, and basketball for boys and girls. We want to be ready for the upcoming school year 2020-2021.
